

Time: 1-5 PM

Name:

Student ID:

Part1: Choose a career path that interests you (e.g., Data Science, Artificial Intelligence, Software Development, Cybersecurity, etc.).

Write a short report (approximately 1 page) addressing the following:

- How can this profession be practiced remotely?
- What digital platforms would be most useful for professionals in this field?
- Why did you choose these platforms?
- What opportunities and challenges might remote workers face in this profession?

Part 2: Create or update at least one professional online profile:

- LinkedIn
- GitHub
- Personal Portfolio Website
- Kaggle Profile
- Any other relevant professional platform

Include:

- A screenshot or link to your profile.
- A brief explanation of how this profile represents your skills, experience, and professional interests.
- Areas that you plan to improve in the future.

Part 3: Choose ONE of the following:

- LinkedIn Summary
- Professional Email
- Project Description
- Personal Biography

Submit:

1. The original version.
2. The AI-enhanced version.

3. A comparison explaining:
 - What changes were made?
 - How did AI improve the text?
 - What edits did you make manually?
 - Do you believe the final text still reflects your own voice and ideas?

Discuss the ethical use of AI and explain where you believe the boundary lies between acceptable assistance and overreliance on AI.

Part 4: Write a personal development plan (1–2 pages) addressing the following:

- Where do you see yourself professionally after graduation?
- What skills do you need to develop to work remotely in your chosen field?
- Which digital platforms do you plan to use?
- How can AI tools support your productivity and communication?
- What is one realistic action you can take this semester to move toward your goal?

Submission Guidelines

- Submit a single PDF document.
- Use clear headings for each section.
- Include screenshots and links where appropriate.
- Properly acknowledge any AI tools used during the project.
- Maintain academic integrity and avoid plagiarism.

كل التوفيق،
